Major Remodel and Addition to an Historic Home

1

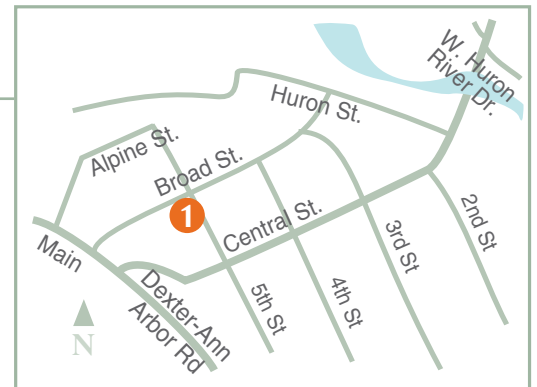

## 3294 Broad Street, Dexter

You have the rare opportunity to visit an inspired significant addition and major remodel to a distinctive Victorian home. An historic landmark structure, this home was built in 1872 in Dexter, Michigan on the heels of the American Civil War. Come see how we exquisitely blended the homeowner's goals for increased living space with the mandate to respect history and seamlessly blend the new with the old in this amazing project.

### About Architectural Resource
