Celebrating the 24th Anniversary of

# The Festive Affair

To BENEFIT  
THE SALVATION ARMY  
STAPLES FAMILY CENTER

The Salvation Army's Ken and Marianna Staples Family Center is more than just a place to stay for the families and individuals who reside there. It is a home with a caring and supportive atmosphere. With the aid of individual casework services, our residents work toward establishing greater self-sufficiency with the goal of being able to move into permanent housing and employment.

The Staples Family Center also runs a transitional housing program for homeless veterans in our community, the Veterans Haven of Hope House.

It is only through the support of The Festive Affair and its generous contributors over the past 23 years that The Staples Family Center and its residents have been able to thrive.

Captain Scotty will man his 30 foot pontoon boat for 12 people and provide lots of interesting historical stories and information about the area, or just an afternoon on the water with stops for swimming and more, as you glide around the lakes and enjoy your own snacks, beverages and soak up the sun. As Jacqueline Kennedy Onassis famously said, “Pearls are always appropriate.” Give your look that extra spark with this gorgeous piece from Lewis Jewelers.

## **Live 8 World War II Inspired Bomber Chairs**

*Donors: Washtenaw Community College*

*Automotive Department*

These chairs were built with history and luxury in mind. The concept of these pieces were to combine the craftsmanship of our country's "greatest generation" and the timeless restyling of military surplus. The chairs started out with a solid wood platform and then a steel tube structure took shape. From there the chairs were skinned in aviation grade aluminum using copper rivets. For the seating area we used bomber jacket style leather material for durability and comfort. The oversized seating area will provide spacious seating for one or plenty of room for two children. When one sits in these chairs they will feel that they have truly found their "throne". Estimated work hours are 200 per chair.

## **Live 9 B-17 Flight Experience**
