- Gas Fireplace
- Bear Lodge Plank Hardwood Floors
- 4 Bedrooms, 3.5 Baths
- 2,950 Square Feet

ABOUT THE SWWC STUDENT BUILDING TRADES PROGRAM

The Building Trades program prepares a student for employment in the construction industry. There is much for the student to learn in the field, and the immense diversity of career opportunities makes this industry one of the most interesting and challenging.

The Building Trades class prepares the student with entry level skills needed for employment through the actual construction of a house.

The specific areas of study include: site preparation, dry wall, masonry, finish carpentry, rough carpentry, painting and wall covering, heating, plumbing, construction technique, wiring, insulation, management skills, and employability skills.

A solid foundation in math skills are needed, geometry is recommended. Articulation is available with Washtenaw Community College.

From downtown Saline, go south on Saline-Milan Road. Turn right onto Milkey Road. Turn left onto Ella Lee Road. Turn right onto Cobb Hollow Farm Lane.
