

# ROCHMAN DESIGN-BUILD

Second Story Addition and Master Suite Remodel

8

## 1065 Chestnut Street, Ann Arbor

### About the Project

Two inspiring projects are on display in this Ann Arbor Hills home. A second story was added to the 1956 brick ranch home, yielding two spacious bedrooms, a sitting area, and an eye-catching bathroom. A new front entry was added on with a walnut and glass floating staircase to the new second floor, as well as a light filled entry with beautiful bamboo and tile details. We were invited back for a second project, and completely renovated the master suite. Come see a modern detailed bathroom, the 190 square foot walk-in closet that sports an island, window seat, custom crafted built-ins, and its own closet (cedar lined).

### About Rochman Design Build

At RDB, we have a core philosophy that the remodeling journey is as important as the final destination. Our in-house designers start with inspirational designs that harmonize, enhance, and enliven each home's existing style; uniting creativity with functionality to enhance our clients' lives. Our in-house carpentry staff then helps bring those visions to life with the utmost care, ensuring a predictable and dependable process. In addition, our owner and design director, Gary Rochman, is personally involved with every project. Talk to us, talk to our many repeat clients; *We Create an Experience Beyond Remodeling.*

From Washtenaw go east on Devonshire. Turn right onto Hickory Lane. Turn right onto Spruce and then turn left onto Chestnut St.
