### 1608 Shadford Road, Ann Arbor

'Make my kitchen more open and brighter' is a request we hear repeatedly. Doing this in a 1920's classic Burns Park home was the fun challenge we had. By developing multiple design ideas early on and helping our clients visualize them in 3D, we were able to move walls and reconfigure the spaces with confidence. The opening between the kitchen and dining room was widened to allow the spaces to flow. The traffic pattern from the side driveway to the kitchen was reconfigured to allow for a dedicated mudroom with gracious storage. Come see the resulting bright and inspiring kitchen with white Crystal cabinetry, matte white appliances, a contrasting blue island with a curve, and an open floor plan that promotes entertaining and family time.

#### About Rochman Design Build

At RDB, we have a core philosophy that the remodeling journey is as important as the final destination. Our in-house designers start with inspirational designs that harmonize, enhance, and enliven each home's existing style. Our in-house carpentry staff then bring those visions to life with the utmost care, ensuring a predictable and dependable process. In addition, our owner and design director, Gary Rochman, is personally involved with every project. The best of both worlds—fresh and young ideas combined with 30 years of experience and knowledge.

From Packard Road go east on Shadford Road. House is a half-block west of Ferdon Road.
