306 Mark Hannah Place, Ann Arbor

It takes creative thinking to conceive of a 2-story addition which completely alters the existing sunroom, creates space to expand and transform the kitchen, adds a mudroom with bench and cubbies, AND envisions a Master Suite in the newly created second floor space.

Creative thinking? We've got that! Plenty of creativity and years of experience that help us design ideal uses for spaces, make choices that work with YOUR home style, fit well on the property, and achieve YOUR intended goals. In this Mark Hannah home, the owners needed a bigger kitchen and an additional bathroom for the second floor. It was fun to meet these needs and make everything beautiful in the process!

Our team of dedicated craftsmen produced extraordinary results: a lovely, larger, new Kitchen Island with granite countertops, calming blue cabinets, improved open dining space, a lovely sliding door to the enhanced brick-paver patio, and a mudroom. On the second floor, enjoy the cathedral ceiling, the luxury of a walk-in closet, and gorgeous Master Bathroom, fully tiled two-person shower, and blue tiles extending from the shower to the sink area.

About Acheson Builders

In 2023, Acheson Builders is celebrating 50 years of serving as Ann Arbor's premier design-build company! We design and build all types of projects, elaborate custom homes to modest remodeling. We are acclaimed for beautifully integrated designs, creative problem solving, paying attention to client's desires, and to existing architecture. Our breadth of knowledge allows us to provide expertise, enduring quality, and style for every project. Thank you, ANN ARBOR, and all our clients who keep coming back to us and recommending us enthusiastically!!

Take Huron to N. on Arbana, East on Mark Hannah Place.
