PLANNING, DESIGNING & BUDGETING FOR YOUR NEW HOME

FREE. Registration required. Space is limited! Register at showcaseofhomes.net, call 734-996-0100, or scan:

We have been lucky enough to be involved with all aspects of design and construction since the 1970s. We believe that a significant number of new home customers appreciate a ‘place to start’ especially during today’s chaotic building costs and opportunities.

This panel believes AN EDUCATED CUSTOMER is AHEAD in the complexities of a new home.

Our approach, starting with a pre-design, is only *one* approach to a successful new home.

Right Home’s presentation will explore:

- How much will it cost?
- How long will it take?
- Who will build it?
- Who will design it?
