

Blue Zone Spaces Remodel of Large Lower Level Living Area

9

Renderings by Blue Zone Spaces

ABOUT "THE COTTAGE"

A growing family was looking to completely transform their lower level into a family and wellness space. The lower level is almost entirely a walkout and houses kids bedrooms, guest baths, sauna, gym, kitchen, and entertaining areas. A family gathering space creates intentional living within the lower level including a custom built-in TV viewing area, billiards room, wine storage room, and two beautiful sets of stairs leading down to the space with custom metal railings. This space has a cozy English Cottage feel with charming details. This home truly tells a story!

See more of this wonderful transformation and browse our other projects on social @bluezonespaces.

**3895 W. Loch Alpine Dr.,
Ann Arbor, MI 48103**

Located north of Huron River Drive between Zeeb and Wagner Rd. Turn onto W. Loch Alpine Drive. The home is on the left side.
