ABOUT THE CHERRY HILL BARN

#TheCherryHill pole barn home is 4,000 square feet of efficient, quiet-luxury living. Outside, the property will include gardens, a small orchard, and exterior gathering spaces. Every inch of this property is intentionally designed and thought-out. Infused with nature and expansive views, the space is highly customized to fit every part of our client's unique lifestyle. 4 bedrooms, 3 bathrooms, a glass-enclosed office, 14' ceilings, loft space/ bonus room, two-sided fireplace and all the practical homestead considerations that our clients desire.

ABOUT BLUE ZONE SPACES

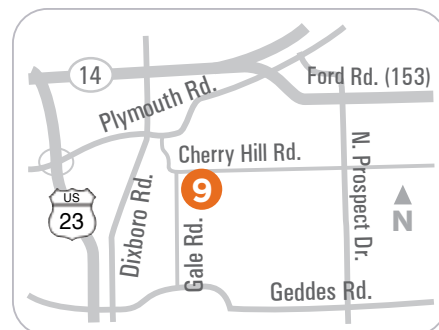

As a family owned design-to-build company, Blue Zone Spaces specializes in the "boutique build" experience. Our vision is unwavering, we design lifestyles, not just homes. Our philosophy is around building relationships with our clients. Our discussions reach far beyond creating a beautiful space, so that our clients step into the desired spaces they have always dreamed of.
